### SPEAKERS

- Justin Daniels, President, Center for Campus Fire Safety/Fire Marshall, Univ. of Oklahoma
- Safer Buildings Coalition Leadership
- Industry Experts
- Local Code Officials

### AGENDA

- Emergency Responder Radio Communications Systems (ERRCS): General Requirements Review
- Cellular Communication vs. Public Safety Communication Systems
- National and Local Code Requirements for Public Safety Radio Communications
- Recent and Planned Code Updates – NFPA, IFC, Local Amendments
- System Testing and Best Practices
- Panel Discussion, Local Town Hall and Q&A

### WHY YOU SHOULD ATTEND

Understand and apply International Fire Code and NFPA 72 & 1221 Codes relevant to Public Safety In-Building Radio Booster Systems for greater confidence, efficiency, and compliance.

This special pilot version of our regular Seminar Series features a Keynote by **Justin Daniels**, President of the Center for Campus Fire Safety (CCFS). Justin is also the Fire Marshal for the University of Oklahoma.
