FROM THE PRESIDENT

Well, Summer Has Begun

Hopefully everybody had a good Memorial Day Weekend. More importantly I hope people remembered the true meaning behind Memorial Day and the people that made the sacrifice for us and this country. We are all advocates of sprinkler systems. We have struggled to keep fire sprinklers in the model codes and to get local jurisdictions to adopt the model codes with the sprinkler requirements intact.

OFF-CAMPUS, by Tim Knisely

Wishful thinking? Or, maybe some will want to 'comply'

Several of the training programs that I've presented for CCFS over the years have included the fire safety reporting requirements contained in The Clery Act. Originally titled The Crime Awareness and Campus Security Act of 1990, and renamed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime ...

CAMPUS FIRE SAFETY BY THE NUMBERS
By: Allan B. Fraser, CBI, CPCA,
Senior Building Code Specialist, NFPA

According to NFPA’s webpages:
- Structure fires in dormitories, fraternities, sororities, and barracks are more common during the evening hours between 5 p.m. and 11 p.m., and on weekends.*
- In 2009-2013, U.S. fire departments responded to an estimated annual average of 3,870 structure fires in dormitories, fraternities, sororities, and barracks.*

CHAPTER 6
BUILDING SERVICES AND SYSTEMS
SECTION 601 GENERAL
601.1 Scope. The provisions of this chapter shall apply to the installation, operation and maintenance of fuel-fired appliances and heating systems, emergency and standby power systems, electrical systems and equipment, mechanical refrigeration systems, elevator recall, stationary storage battery systems and commercial kitchen equipment.

The Center was represented at NFPA

We just returned from the NFPA Conference and Expo. Another great event by NFPA. The Center was represented by Michael J. Swain, President (shown here) Cathy Tabor, Marketing Director. Other Director’s of The Center at NFPA were: Directors Lorraine Carli (NFPA), Justin Daniels (U OK), Dan Finnegan (SIEMENS), Alan Sactor (U of MD), and Rodger Reiswig (Tyco).

Thanks to all of you that stopped by to say hello.

MEMBER NEWS

- Tim Knisely, Director to attend NECUSA Conference, Cape Cod. Our committee member, David Taylor of Gettysberg, will also be there and presenting.

- **Always Looking for Articles and Webinar Presenters ...**
  - Webinars: If you are interested in presenting at one of our 2016 webinars, simply click [here](#), provide brief information and we'll call you. We provide the online structure, promotion and more ... all you have to do is present!

  Newsletter Articles: We're always looking for articles for our newsletter. In fact, if you are interested in your own monthly column, simply let us know. Send your intent and/or articles to: [SupportTeam@campusfiresafety.org](mailto:SupportTeam@campusfiresafety.org)

UPCOMING CENTER ACTIVITIES TO DATE:
What Kind of Cooks are your students?

We’re working with NFPA and Domino’s to launch a Campus Fire Safety Month Quiz and Sweepstakes in September! This year, the focus of the campaign is cooking fires.

We need your help!!!

Please encourage your students to participate in our interactive 8-question quiz and sweepstakes by asking them: What kind of cook are you in the kitchen?

The quiz & Sweepstakes will run through the month of September, but we could use your help now to promote it and even post a notice on your student orientation webpage. If you’re willing to help, please email us, and we’ll send you posters, safety tips, banners and a web banner. We can even customize items with your school logo. Simply let us know by August 1.

CAREER CONNECTIONS

Nothing new this month!

Don’t forget ... Send job postings to: SupportTeam@campusfiresafety.org. There is no charge to post these in our newsletter.
**WEBINAR** ... *We'll send you a webinar invitation soon!*

**Coming in September .... Fire Safety Regulations for Food Trucks**  
*Jacqueline Wilmot, Fire Protection Engineer at NFPA*

This webinar will address the fire hazards associated with mobile food trucks and create awareness that not one code, recommended practice or standard addresses this issue as a whole to provide requirements for fire protection or life safety purposes for mobile food trucks. Fire Departments of major cities around the country are developing their own standard to solve this issue and prevent disasters from occurring in the future. The International Fire Marshals Association (IFMA) submitted public input to NFPA 1 and NFPA 96 to address this issue. At the time of the webinar an update will be provided based on the Technical Committees decisions during Committee Meetings from NFPA 1 and NFPA 96.
